

HP DesignJet T790 PostScript® Printer

The most productive 24-inch HP DesignJet printer¹ for small teams

QUALITY—Quickly produce outstanding results

- Six Original HP inks produce a wide color gamut ideal for color graphics.
- Original HP gray and photo black inks achieve precise line accuracy, dark blacks, and true neutral grays.
- Communicate with precision—produce plans, drawings, and maps with fine line quality, and up to 2400 dpi.
- Print quickly without sacrificing quality—create an A1/D-size print in 32 seconds with Economode.

CONVENIENCE—Speed up printing with easy workflow

- Print TIFF, JPEG, and PDF² files from your printer's USB thumb drive—no computer required.
- If you're on-the-go, attach your document to an email and send it directly to your printer via ePrint.³
- The intuitive touchscreen simplifies navigation and printing.

RELIABILITY—Plug-and-play printer for small teams

- Focus on your design—not printing—with this reliable HP DesignJet printer.
- Quick printing—in-printer processing architecture, added memory for processing even the most complex files.
- Print confidently knowing that, even if you're in a rush, this printer can handle all your files.

¹ Compared to other 24-inch HP DesignJet T-series printers.

² PDF files only available with PostScript® (PS) accessory (optional accessory to be purchased separately) or with the PostScript® version of the printer.

³ Local printing requires mobile device and printer to be on the same network (usually Wi-Fi access points bridge wireless to wired connections). Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See <http://www.hp.com/go/designjetmobility> for more details.
