

KIP 720

CIS SCANNING SYSTEM

KIP 720 SCANNING SYSTEM

KIP 720 Image Scanner

The KIP 720 color & monochrome scanner delivers large-format scanning and copying functionality with world-class scanning speeds and unbeatable image accuracy.

The KIP 720 large format scanner is a 24-bit, 36" wide full-color image capture system perfect for processing photographs, complex maps, and AEC/ CAD drawings.

Benefits of CIS Scanning Technology Sharp Image Scanning

The KIP 720 CIS (Contact Image Sensor) technology scanning method enables high resolution, high speed image capture with energy saving operation in a light, compact and portable design.

Key Features

- 36" Wide
- Face-up document scanning
- True 600x600 dpi optical resolution
- CIS scanning technology provides high definition scans
- · Real Time Thresholding Technology (RTT)
- · No folded optics—No warm-up time
- 0.1% scanning accuracy
- High resolution, high speed user-friendly operation with smart energy usage for maximum environmental conscientiousness
- High Definition scanning that advances graphical image capture possibilities

CIS technology features a series of Red, Green and Blue lights that illuminate in turn to capture image data related to each color.

Advanced RTT Technology

KIP's Real Time Thresholding technology automatically optimizes background levels for each original, creating smooth reproductions of

halftone gradients. KIP RTT technology automatically adjusts the threshold levels on a standard "D" size document over half a million times per scan!

Full Color Workflow Integration

The KIP 720 stand alone scanner system provides accurate, professional results based on true 600 dpi optical resolution and 24-bit color imaging technology. Scan full color technical documents, maps, posters and photos into a variety of file formats for E-mail, archive and print purposes.

A specialized support system under the document enhances feed reliability.

Productive:

- High-speed, high-resolution CIS document image capture
- 4.5 seconds monochrome 'D' Size
- 14 seconds color 'D' Size

Quality:

- High-resolution, 600dpi scanning
- 24-Bit color depth

Responsive:

• Ready in less than 10 seconds

Earth Concious:

- Compact & Lightweight
- Compatible with Energy Star program & RoHS
- Scans recycled medias

KIP 720 / 2300 Stand Alone Scan Station

KIP ImagePro – Scan & Copy

KIP ImagePro – Scan & Copy software is the professional's choice for wide format production Scan & Copy providing a complete set of features for high resolution color and B&W copying & scan-to-file applications. For exclusive use with the KIP 720 and KIP 2300 scanners.

KIP ImagePro tools are designed to enhance color management capabilities. KIP ImagePro offers extensive features for increased productivity including image quality adjustments, high definition viewer with advanced Area of Interest functions, auto document width detection along with Auto Start for stream feeding originals, scan to local drives, LAN locations, USB and cloud storage.

Simplify document quality when scanning or copying difficult originals by selecting B&W point settings on-the-fly adjustments to quickly snap text to solid black or to clean up back ground. Deskew documents automatically. Sophisticated project details can be highlighted with Advanced Area of Interest selections. KIP Smart Stack simplifies the accurate collation of mixed sets of color and black and whites prints. The professional color editor included with KIP ImagePro offers a high definition color editor with real time color correction viewing. Create impressive vibrant color impact for posters, banners, point of purchase, business communications, safety, and technical images. Streamline color correction with color exchange selections from a choice of multiple color spaces for optimal results.

KIP ImagePro Key Features

Auto Start for Stream Feed Productivity | Auto Width Detection | Auto Deskew | Auto Increment of File Name | Advanced Area of Interest Selection | Professional Color Editor & Correction Features | KIP Smart Stacking | High Definition Viewing | Customizable Interface for Personalized View

KIP ImagePro – Scan & Copy Feature Descriptions

Stream Feeding Productivity

Auto Start for continuous original document feeding for maximum productivity | Auto De-skew | Auto Width Detection | Auto File Name Increment | Auto Length Detection | Live Preview

Advanced Area of Interest

Select Size | Position | Save only the "area of interest" to enhance communication of sophisticated or important details

Professional Color Editor & Correction Features

High definition color editor with real time color correction viewing to create impressive vibrant color impact for posters, banners, point of purchase, business communications, safety, and technical images. Streamlines color correction with color exchange selections from a choice of multiple color spaces for optimal results.

High Definition Viewing

High resolution image pre-flight viewer to include review of color adjustments and preset creations | Color or B&W | AOI Selection - Scale, Position, Print | Page ruler | View Scale to Pixels or In-Screen

Customizable Interface for Personalized View

Access your preferred productivity features with ease using "Pop Out" tools and panels

Scan Mode

B&W, Grayscale & Color Scan to File | Scan to Local Drive, USB, LAN or Cloud locations | Wide Variety of File Formats | Scan to Multi-Page PDF and TIF | Set Image Compression | Utilize Templates | Embed Stamps | Control Margins | Mirror and Rotation

Copy Mode

Copy to KIP System K B&W and Color Systems | B&W, Grayscale and Color Adjustments | Save Unlimited Presets and Template | Secure Printing | Use Set Separation pages | KIP Accounting Integration | KIP Cost Center Integration
